

Installation Specifications

CSI – 3 Part Spec available at www.CORONADO.com/ArchitecturalResources

Choices Specific to Heritage Limestone

- Standard Colors:** Snowdrift, Oyster Shell, Canvas. Custom colors may be available for an upcharge.
- Grout Joint Width:** Standard ½" Average Grout Joint or varies from ¼" to 1" Average
- Grouting Options:** Deep Raked, Full Brushed, Full Smooth Tooled, Overgrout or Rough Brushed
- Grout Joint Color:** Natural Grey, Natural Off-White or Complementary Color
- Accessories:** Complementary accessories are available (See www.coronado.com/trimaccessories)

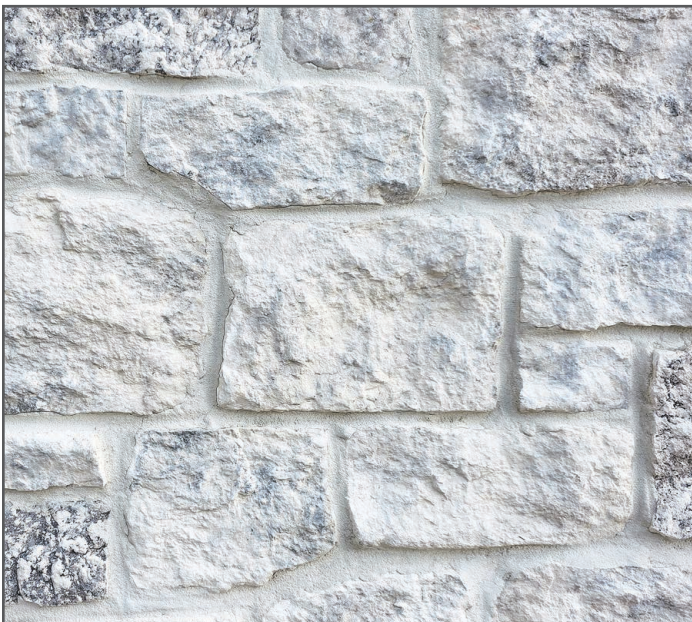

Special Installation Notes

- Pattern:** Stone should be installed in a horizontal ashlar pattern. Do not install stones vertically. Blend the stone on the wall from several different boxes to ensure proper color and size variation.
See www.coronado.com for photos of recommended installation pattern.
- Chalk Lines:** Should be used by installer to ensure a straight and level pattern.
- Vertical Joints:** Avoid exceeding 2 medium or 3 small stones in height.
- Horizontal Joints:** Avoid exceeding 6' to 8' in length.
- Sealing:** Not required. However, if installed on an exterior exposed to excessive water from runoff or improper drainage, we suggest the product be sealed in that particular area to protect it from staining or spalling during freeze-thaw cycles.
- Freeze-Thaw:** When installing stone in a freeze-thaw environment, extra care should be taken to ensure a full coverage of mortar on the back of each stone, which will prevent water pooling behind the stone after it has been installed.
- Drystack:** A polymer-modified mortar should be used for all drystack applications.
- Installation Info:** Download Coronado's latest installation instructions at www.coronado.com for information on mortar and installation recommendations.

Profile Properties

- Size:** Stone sizes range from 1½" to 13" in height and up to 21" in length. Corner returns range from 4" to 9" (nominal) and heights from 2½" to 8".
- Thickness:** 1" to 1⅞" (nominal).
- Weight:** 7 to 10 lbs. per square foot.
- Packaging:** Available in Big Boxes (100 sq ft Flats or 100 ln ft Corners) or Dura-Paks (12½ sq ft Flats or 12½ ln ft Corners).
When purchasing Heritage Limestone, coverage is based on installation with a ½" joint at the back of the stone. (Note: Square Footage and Linear Footage quantities may vary per region)
